FINANCE YOU DRIVE

You're in control from the start

HOW TOYOTA ACCESS WORKS

PICK YOUR TOYOTA new, approved demonstrator or Toyota Certified Pre-Owned vehicle.

CHOOSE THE DEPOSIT you want to pay (if any).

SELECT YOUR LOAN TERM

- New and approved demonstrator (up to four years).
- Toyota Certified Pre-Owned vehicle (three or four years).

ESTIMATE THE NUMBER OF KILOMETRES you expect to travel by the end of the term, including any already on the clock (End Odometer).

CHOOSE HOW YOU PAY weekly, fortnightly, or monthly.

Toyota Finance calculates the Guaranteed Future Value* (GFV) for your Toyota. We then finalise your loan package and repayment schedule. Toyota Access comes with a **fixed interest rate** so you can be certain your interest rate and loan repayments won't change throughout the life of your loan.

FLEXIBLE OPTIONS AT THE END OF YOUR LOAN TERM

Whether you choose to trade, keep, or return your vehicle, you control where you go next.

1. TRADE your vehicle for the latest Toyota. If the trade-in value is higher than your outstanding balance, you can put the difference towards your new vehicle.

2. KEEP your vehicle and pay the outstanding balance in full or let us help you refinance that amount with a loan term that suits you (conditions apply).

3. RETURN the vehicle to us and we will put your Guaranteed Future Value* (GFV) towards your loan balance (subject to fair wear and tear and agreed kilometres being met).

WHAT IS A GUARANTEED FUTURE VALUE*?

A Guaranteed Future Value* (GFV) is the minimum value of your Toyota at the end of the loan term, as determined by Toyota Finance, subject to fair wear and tear conditions and agreed kilometres being met. The GFV gives you that extra peace of mind of knowing where you'll stand in the future.

If you decide to return your car at the end of your loan, Toyota Finance will pay you the GFV agreed at the start to put towards the remaining balance owing.

*The Guaranteed Future Value (GFV) is the minimum value of your Toyota at the end of your finance contract, as determined by Toyota Finance. If you decide to return your car to Toyota Finance at the end of your term, Toyota Finance will pay you the agreed GFV, which will be put against your final payment subject to fair wear and tear conditions and agreed kilometres being met. The information provided is general in nature. You should seek your own financial advice to determine whether Toyota Access is appropriate for your individual circumstances. Terms, conditions, fees and charges apply. Toyota Access GFV products are available to approved customers of Toyota Finance, a division of Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.

COMMONLY ASKED QUESTIONS AND ANSWERS

WHAT'S A GUARANTEED FUTURE VALUE (GFV)?

It's the minimum value of your Toyota at the end of your loan term, as determined by Toyota Finance. So if you decide to return the vehicle to us at the end of your loan term, you can rest assured knowing that, as long as fair wear and tear conditions and agreed kilometres have been met, we'll pay you the GFV which will be put against the final payment.

HOW IS THE GFV WORKED OUT?

Toyota Finance analysts set the GFV based on the worth of the vehicle in the future. We use sales results of similar vehicles, new model data and economic factors. And we factor in your loan term and agreed End Odometer.

DOES THE GFV EQUAL THE EXPECTED MARKET VALUE?

It's an estimation of the future value of your vehicle at the end of the loan term. This is subject to the vehicle being returned in a condition that meets our Fair Wear and Tear Guidelines and not having travelled more kilometres than agreed at the start. With all this in mind, the GFV may be more or less than the actual market value of the vehicle. If it is more, you keep the difference.

DO I HAVE TO KEEP THE CAR IN GOOD CONDITION?

Yes, if you want to take advantage of the return option. But, don't worry; we'll give you a Fair Wear and Tear Guide before you enter your contract, so you'll know upfront what's expected. If you decide to keep the vehicle, you don't need to worry about it. Obviously, if you decide to trade it in to your preferred dealer, the condition will impact the price you can expect to get.

IF THERE IS A LOT OF DAMAGE, CAN I RETURN MY TOYOTA AND CLAIM THE GFV?

If your vehicle doesn't meet the Fair Wear and Tear Guidelines, we'll give you the chance to have the vehicle repaired. Otherwise, we can organise repairs and deduct the cost from your GFV. This adjusted GFV will be the price we offer you if you return the car at the end of the term.

CAN I TRADE MY TOYOTA?

Absolutely. You can trade in at any time for another Toyota vehicle, but you will need to pay the remaining balance on your account and the GFV won't apply.

CAN I KEEP MY TOYOTA?

Yes, just pay out the loan at the end of the term. If required, Toyota Finance may be able to refinance^o the final payment. If you do that, the GFV won't apply.

CAN I SELL MY CAR PRIVATELY?

Yes, simply pay out the remaining balance on your account. The GFV won't apply.

CAN I RETURN MY TOYOTA?

Yes, as long as it meets the Fair Wear and Tear Guidelines and agreed kilometres. Toyota Finance will use your GFV to pay the final payment.

WHAT HAPPENS IF I DRIVE EXTRA KILOMETRES?

If you drive more than your End Odometer, an excess usage charge will apply. This will be deducted from your GFV, which then becomes your adjusted GFV. This means your remaining payment will be the difference between your adjusted GFV and the remaining loan balance.

IS THIS A LEASE?

No, it's a loan. You own the vehicle and Toyota Finance takes a security interest over it during the life of the loan.
